

Dear Valued Customer,

We have received several pricing increases from our vendors over the past several months. Raw material costs are at historic highs and are continuing to rise. We have absorbed the increases as much as possible to maintain secure pricing for our customers, but unfortunately, we are no longer able to absorb these increases. Price increases will include all SDF provided products and services effective immediately. Additionally, due to the global steel shortages, please plan accordingly with the longest lead-times possible, especially for specialty or exotic material requests.

We will not be sending our price sheets as prices are changing daily and the market remains unpredictable. Please feel free to reach out if you need any job specific pricing requests and we will be happy to help you out.

Superior Duct Fabrication is committed to offering you the quality you expect and deserve. We very much appreciate your business and continued support.

Thank you,

Superior Duct Management Team
